I Was Home

Sunflower Bean

What did you do today
Didn't do much today
I was home and then I wasn't

What did you do today
I stayed at home today
I was home and then I wasn't

What do you do when you're stuck between days
And your days can't keep up with your face
What do you do when you're stuck between days
And your days can't keep up with your face

What did you do today
Didn't do much today
I was home and then I wasn't

What did you do today
I stayed at home today
I was home and then I wasn't

I had a dream I saw myself on TV
And I viewed myself in many different ways
I had a dream I saw myself on TV
And I viewed myself in many different ways

What did you do today
What did you do today
I was home and then I wasn't
