

Lucky Number

Sunflower Bean

My lucky number's one and two
One for me and one for you
They tell me patiently to wait
But I'll be waiting in my grave, oh

I feel so lucky I could die
Ah, with you
Safety is a lie
So go ahead and roll the dice
I just wanna try
With you
With you

All my money pays my rent
So flip a coin and get in bed
In this moment we can see
No one's looking out for me, oh

I feel so lucky I could die
Ah, with you
Safety is a lie
So go ahead and roll the dice
I just wanna try
With you
With you
With you
With you

I feel so lucky I could die
With you
I feel so lucky I could die
I just wanna try
With you
With you
With you
With you
With you
