

## Post Love

Sunflower Bean

Post heart, post break  
Post love, post hate  
Backtrack, erase  
Can't shake your taste  
I can't sleep straight  
I can't sleep straight  
In dreams I could still be your lover  
Dogs will always fuck another

I don't want to give in to that night  
I don't want to learn what another body likes  
I don't want to wrong when it feels so right  
But what do we owe each other in this life?

It's the truth  
I don't know what that is  
It's the truth  
That it's you that I miss  
In the dark  
'Cause when push comes to shove  
Yeah it's love  
And the truth on my lips

Bad thoughts replay  
Drive me insane  
I dance alone  
While the tears stream down my face  
I can't think straight  
I can't think straight  
Now you're lying with another  
Everyone lies to each other

I don't want to give in to the night  
I don't want to learn what another body likes  
I don't want to wrong when it feels so right  
But what do we owe each other in this life?

It's the truth  
I don't know what that is  
It's the truth  
That it's you that I miss  
In the dark  
'Cause when push comes to shove  
Yeah it's love  
And the truth on my lips

It's the truth  
I don't know what that is  
It's the truth  
That it's you that I miss  
In the dark  
'Cause when push comes to shove  
Yeah it's love  
And the truth on my lips
