

# Shake

Sunflower Bean

Keep the lights low and the music loud  
Loud enough to drown it out  
My bedtime is 10 am  
I'm not leaving till the music ends

I'm in love now for a little bit  
(Shake)  
Velvet with the candles lit  
(Shake)  
Happy couples make me sick  
(Shake)  
I'm just shaking for the hell of it  
Shake, ah  
(Shake)

In our normal life nobody sees  
How we were living in our wild dreams  
Daylight scares the hell out of me  
Close the door, nobody leaves

I'm in love now for a little bit  
(Shake)  
Velvet with the candles lit  
(Shake)  
Happy couples make me sick  
(Shake)  
I'm just shaking for the hell of it  
Shake, ah  
Shake, ah  
Shake, ah  
Shake, ah
