

Sunshine

Sunflower Bean

Sun shines down on a city of sin
I'm so happy, where do I begin?

When I first got here
I could chalk it up to the weather
But I feel so good
I hope it lasts forever

Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you

Sun shines down till we're delirious
Bathed in light like a sunburnt kiss

And when I'm older
I'll drive my car off the 405
What a perfect, Hollywood, California way to die

Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you
Don't wake me now
'Cause I'm dreaming of you

Don't wake me now
Don't wake me now
Don't wake me now
Don't wake me now
