

## This Kind Of Feeling

Sunflower Bean

This kinda feeling one that's hard to shake  
From this the smoke rises high as the moon  
This is the curse that I forsake  
This kinda feeling one that's hard to deal with  
The gaping mouth with a tongue of two snakes  
This is the curse that I forsake  
I see that face, that I forsake

Have a feeling all over this world  
Have a feeling all over this world  
Have a feeling all over this world
