Why did you provoke me?
You are so bad
I hope you'll be as miserable as I was in pain
Why did you do that?
When you were gonna leave me anyway?

I felt that things were becoming strange
I got the feeling that everything was a lie
Your lies that used to be sweet were so obvious

So just burn baby burn baby burn!
Without leaving behind anything. I want to burn everything forever.
Burn baby burn baby burn!
Your pain will never burn baby

You know it's too late even if you cry and beg
Saying that you didn't know this would happen doesn't make sense
Shut that mouth my pain was bigger

No no no no no I can't forgive you
You you you you you You will burn forever
Even in my heart
Wherever you go

So just burn baby burn baby burn!
Without leaving behind anything. I want to burn everything forever
Burn baby burn baby burn!
Your pain will never burn baby

Even if you come back It's already too late
Even if you say you'll change You won't change
Now I know

Even if you come back It's already too late
Even if you say you'll change You won't change
Now I know

So just burn baby burn baby burn!
Without leaving behind anything. I want to burn everything forever
Burn baby burn baby burn!
Your pain will never burn baby
