

Calm Myself

Sunmi

Hoo, wee
Hoo, wee
Who's with me?
Who's with?

Did I make myself clear?
It's not about you
I mean, I went too far away
Thought it was you
Who could heal me, but
I'm over you
You're killing me
How did we get here?

Calm myself
A cup of tea
Could give me good comfort
Calm myself
A couple of weeks
Could make me forget you

If I do this again with you
So be it, so be it
Don't blame it
I had it coming
So, please, please

Calm myself
A cup of tea
Could give me good comfort
Calm myself
A couple of weeks
Could make me forget you
