Your cold eyes  
They kill me  
The fire in your heart that used to grow  
Why are there only ashes remaining?  
Maybe time is medicine  
But I'm getting weaker  
The sad pain  
Is getting numb too

Fine, I'll forget you  
I'm gonna live like a flower, I'll be myself  
Can't nobody stop me now  
No try me

Everyone wants my scent  
But only you don't know, like a fool  
Are you sure you're not crazy?

Why are you leaving the pretty me here  
And going?

You're leaving me here  
You're leaving me so easily  
You promised we'd go together  
But you're leaving, leaving

You'll see me all sharp  
And you'll bow your head low  
My thorns will  
Dig deeper in you, yeah  
You already bent and twisted me  
So don't act like you're sorry  
But the one who's really twisted  
It's not me, it's you

Fine, I'll forget you  
I'm gonna live like a flower, I'll be myself  
Can't nobody stop me now  
No try me

Everyone wants my scent  
But only you don't know, like a fool  
Are you sure you're not crazy?

Why are you leaving the pretty me here  
And going?

You're leaving me here  
You're leaving me so easily  
You promised we'd go together  
But you're leaving, leaving

You have withered, I have bloomed  
And it's over  
Even if you wanna come back  
You may seem like you'll be fine  
Without me right now  
But no matter how much I think about it  
Are you sure you're not crazy?

Why are you leaving the pretty me here  
And going?

You're leaving me here  
You're leaving me so easily  
You promised we'd go together  
But you're leaving, leaving
