It could have been, though I don't know if you believe it
If that was you, if that was you

Even if I lost everything, even if I lost my dreams and future,
it could've been okay
If that was for you, if that was for you

I could
Sit and wait for you all day,
even if it is the only thing (I could do)
I could've been happy,
though you won't believe me

(You won't believe)
You'll say it's only talk
No way, you'll say never, you won't believe me
(You won't believe)
But I could've been like that, if that was for you,
if that was for you
For you, For You, For You

It felt like I had the whole world
so I gave thanks again and again
I loved someone more than myself
that was the first time
I didn't want to be apart from you for a single moment,
I'd rather be in pain
If only I could lay beside you
If I could just stay lying with you

I could
Sit and wait for you all day,
even if it is the only thing (I could do)
I could've been happy,
though you won't believe me

(You won't believe)
You'll say it's only talk
No way, you'll say never, you won't believe me
(You won't believe)
But I could've been like that, if that was for you,

Sometimes, I wanted to run away,
sometimes I wanted to fight
I wanted to scream that I am in love you
Your love was worth fighting for,
you were the one I've been looking for
You'll be listening to this from somewhere
This song I'm singing for you, for you

(You won't believe)
You'll say it's only talk
No way, you'll say never, you won't believe me
(You won't believe)
But I could've been like that, if that was for you,
if that was for you
For you, For You, For You
if that was for you, if that was for you (For You)
if that was for you, if that was for you (For You)
