Ah Look straight into my eyes
Hold your drooping head up high
Umm Hissing, all my nerves on edge
Probably it began
After I clawed at you

Do it Baby It's okay
As if having the world in your hand
Just be egotistic Ha Ha Ha
What's so happy about it, what are you smirking at
Make it right Till I die baby
Aww aww aww (Aww aww aww)

Stop right there Oh
I could even hear up to here
The corners of your mouth going up
It's too soon to be sorry
You know it, Wait for it

We're madly in love
Kiss each other like crazy
Rock your head like crazy
(Shake Shake)
We're madly in love
Kiss each other like crazy
Wag our tails frantically
(Shake Shake)

I'm not much of a drinker
But I'm a dream girl (Yeah)
Question mark, Question mark

Stop asking me questions
Wagging my tail for your last words
Ta-ta-tak Stop it there

Do it Baby It's okay
As if having the world in your hand
Just be egotistic Ha Ha Ha
What's so happy about it, what are you smirking at
Make it right Till I die baby
Aww aww aww (Aww aww aww)

Stop right there Oh
