

## Diamonds and Divorce Decrees

Sunny Sweeney

He thought leaving me was gonna be the death of me  
Without him around I'd somehow lose my sanity  
Now I'm on day 30 and kinda in a hurry to get outta this place  
I'm in  
Where's the dotted line show me where to sign  
Mommas on the loose again

I'm stuck between I do and I'll never do that again  
Between happy ever after and the cold hard bitter end  
Our faitytale went right to hell and now I'm stuck here in between  
A diamond and a divorce decree

I played the part with a broken heart for way too long  
I'm over getting over him and what he did wrong  
If you're sorta kinda single it's ok to mingle and let your long hair down  
It's all on the judge to do what he does  
Can't wait til he lets me out

I'm stuck between I do and I'll never do that again  
Between happy ever after and the cold hard bitter end  
Our faitytale went right to hell and now I'm stuck here in between  
A diamond and a divorce decree

I'm stuck between I do and I'll never do that again  
Between happy ever after and the cold hard bitter end  
And our faitytale went right to hell and now I'm stuck here in between  
A diamond and a divorce decree
