

Alien

Sunset Sons

If you can't hear what I'm saying
Maybe I'm an alien
If you can't hear what I'm saying
Maybe I'm an alien
If you can't hear what I'm saying
Maybe I'm an alien

I know my words can fall on your deaf ears
Just shine a light in the center of my fears
How much longer do we have to go?
Why do we keep pretending?

It's not right
I'm not sorry
For the space between us
If I'm an alien,
Can't you hear me?
Through the space between us

If you can't hear what I'm saying
Maybe I'm an alien
If you can't hear what I'm saying
Maybe I'm an alien

You're in my shadow, almost there for me
Wish you were here but not sincerely
You and your clouds gon' sing a dancing song
Stuck on the same old melody

It's not right
I'm not sorry
For the space between us
If I'm an alien,
Can't you hear me?
Through the space between us

If you can't hear what I'm saying
Maybe I'm an alien
If you can't hear what I'm saying
Maybe I'm an alien
If you can't hear what I'm saying
Maybe I'm an alien

It's not right
I'm not sorry
For the space between us
If I'm an alien,
Can't you hear me?
Through the space between us

It's not right
I'm not sorry
For the space between us
If I'm an alien,
Can't you hear me?
Through the space between us
