

## So We Oh

### Sunset Sons

Look at my only way in  
Look at my only way out  
Baby I was born to run what I'm talking about  
Look at me moving on up  
Look at me, take my time  
Look at my only star, it's shining blind

So we oh

Just like my dancing queen  
With all the glitter and sheen  
Supernova, I'm supernova dream  
My rocket man in the sky  
Gon' teach me how to fly  
Supernova, I'm supernova high

Look at me freaking out  
Look at me twist and shout  
Look at my self-made life as it's coming around  
Look at where we are now  
Look at my self-made crown  
Look at who everybody is talking about

So we oh

Just like my dancing queen  
With all the glitter and sheen  
Supernova, I'm supernova dream  
My rocket man in the sky  
Gon' teach me how to fly  
Supernova, I'm supernova high  
Supernova, I'm supernova high

It's who we are  
It's who we are  
It's who we are  
It's who we are  
It's who we are

Just like my dancing queen  
With all the glitter and sheen  
Supernova? I'm supernova dream  
My rocket man in the sky  
Gon' teach me how to fly  
Supernova, I'm supernova high

Look at my only way in  
Look at my only way out  
Baby I was born to run what I'm talking about
