

# Take Control

## Sunset Sons

Days into nights  
Spending days into nights  
Looking for a love  
That I can be sure of  
I can be sure of  
I'm trying

Days into nights  
Spending most of my life  
Living for a love  
Are we all the same?  
Are we all alone this way?

Could it be that I met you before?  
Could it be the night that I say I love you?  
Could it be that I met you before?

You're a blood rush déjà vu  
Can't be the first time that I made out with you  
Bloodrush déjà vu  
Can't be the first time, baby, it's true

Days into nights  
Spending most of my life  
Looking for a love  
Then you walked in as I blushed  
My heart rate speeds up  
I'm blinded

Could it be that I met you before?  
Could it be the night that I say I love you?  
Could it be that I met you before?

You're a blood rush déjà vu  
Can't be the first time that I made out with you  
Bloodrush déjà vu  
Can't be the first time, baby, it's true

Baby, it's you  
Whoa-oh-oh-oh-oh  
Baby, it's you  
Whoa-oh-oh-oh-oh  
Baby, it's you  
Whoa-oh-oh-oh-oh  
Baby, it's you

Days into nights  
Just erase for the prize  
To be the one you love  
Do you feel the same?  
Are we all alone this way?

Could it be that I met you before?  
Could it be the night that I say I love you?  
Could it be that I met you before?

You're a blood rush déjà vu

Can't be the first time that I made out with you  
Bloodrush déjà vu  
Can't be the first time, baby, it's true  
Blood rush déjà vu  
Can't be the first time that I made out with you  
Bloodrush déjà vu  
Can't be the first time, baby, it's you
