

Problems

Sunshine Anderson

Mmmm

The Other day I ran into an old friend of mine
And she was telling me about going thru hard times
The cops came thru and picked up her boo
But the rents still due
The bills piling up its messin' with her head
That's when she said

I wish I could drink and Smoke My problems away
I could be a Bitch, I know
Sometimes I feel the same
I wish I could drink and smoke my problems away
Holla if you feel my pain

She said she's been drinking at club dancing all night long
Got fired from a 9 to 5
And everything's gone wrong
Two kids at home, Baby daddy's gone
She's all on her own
Feeling real scared; it's messing up her head
And that's when she said

Ooh, Ooh, Ooh, Ooh
Ooh, Ooh, Ooh, Ooh
(Her man is gone, She's all alone)

Ooh, Ooh, Ooh, Ooh [repeat]
