

# Say Something

Sunshine Anderson

Baby, been checking for you now for a while  
And I got to admit  
(That I like your style)  
Ain't never met a brother who can easily do the things that you do  
(Boy, you drive me wild)  
It's got me thinking that we can connect and get better acquainted  
(Alright)  
Know that you wanna come talk to me

Boy, stop your fronting  
(Come on over and say something to me)  
You know you want to  
(I can tell by the way you look at me)  
You like what you see  
(So do I, you've been all I believe)  
So stop your fronting  
(Come on over and say something to me)

Now how much longer  
Are we gonna play these games  
Me looking at you  
(And you starin' at me)  
Cause the way that we flirt  
It's obvious that we have  
(Chemistry)  
Oh boy, what you're gon' do  
(I'm tryin' to see the simple truth)  
Cause I ain't got all night  
You should just come over

Boy, stop your fronting  
(Come on over and say something to me)  
You know you want to  
(I can tell by the way you look at me)  
You like what you see  
(So do I, you've been all I believe)  
So stop your fronting  
(Come on over and say something to me)

You're gonna  
(Play yourself and let me get out of here)  
Without giving you my number  
(Acting like you can break away from me boy)  
(Better telling the waiter)  
Cause I ain't got all night long  
My girls and I are 'bout to roll  
Don't miss your chance

Boy, stop your fronting  
(Come on over and say something to me)  
You know you want to  
(I can tell by the way you look at me)  
You like what you see  
(So do I, you've been all I believe)  
So stop your fronting  
(Come on over and say something to me)

Boy, stop your fronting  
You know you want to  
You like what you see  
So stop your fronting

Boy, stop your fronting  
(Come on over and say something to me)  
You know you want to  
(I can tell by the way you look at me)  
You like what you see  
(So do I, you've been all I believe)  
So stop your fronting  
(Come on over and say something to me)
