

# Switch It Up

Sunshine Anderson

Yo, yo, yo  
Calling all my ladies  
Calling all my ladies report to the dance floor  
Put your drinks down, this sh\*t is urgent  
Y'all know what it is  
Time to switch it up  
COME ON

Girl how many more, Times are you gonna wait  
Up for ol' Boy, to come and see you  
After he has been, hanging out partying  
Then he wants to come, Lay up with you  
There's couple of times, He actually had the nerve  
Not to show up, that's some BS  
That's what happens when, some guys start to get  
To comfortable, here what you do

Switch It Up  
All u gotta do is Switch It up  
Start going out whenever you want  
Start doing whatever you want, girl  
Switch It Up  
Go head and Switch It Up  
Don't be afraid to get up and go  
Staying at home is getting old

Don't you think its time to start taking charge?  
Of your own life it's only right  
'Cause messing 'round with him  
2 years will pass and you'll still be  
In the same position  
So, go and get fitted up  
Go and Get sexy'd up  
Get with your girls and hit up some clubs  
Bet you proly see him out  
Standing there with his mouth  
Open so wide, looking surprised  
(Yeah, yeah)

He ain't showing you respect  
(No respect)  
Let's because you let  
(You always let)  
Him do what he wanna do  
(What he wanna do)  
If you ever gonna prove  
(A point you gotta)
