

Can you see me, or am I just out of reach?
You seem too far away like a distant memory
When you're so lost in the fog, it's thicker than blood
It's hard to know where you are
The time has gotten away, the look on your face feels like yesterday

You're like a daydream, my love
Lost in a haze that we brought
I can't complain, oh, it's all intoxicating
No one can see where I've gone
Just wanna phase into the fog
I can't replace what is lost when suffocating
In the haze

(In the haze)
(In the)
(In the haze)

Did you need me, or am I just a disease?
I never seemed to be good enough for anything
And after all this time spent in my bed
You're stuck in my head
Leaving me clouded, restless
I need to get you off of my mind
One breath at a time
Drowning in the heaviness
Oh, the heaviness, ooh

You're like a daydream, my love
Lost in a haze that we brought
I can't complain, oh, it's all intoxicating
No one can see where I've gone
Just wanna phase into the fog
I can't replace what is lost when suffocating
In the haze

(In the haze)
(In the)
(In the haze)
(In the)

Oh woah, ooh
Oh woah, oh, yeah

You're like a daydream, my love
Lost in a haze that we brought
I can't complain, oh, it's all intoxicating
No one can see where I've gone
Just wanna phase into the fog
I can't replace what is lost when suffocating
In the haze
