

# Hello Goodbye

Sunsleep

(Hello, goodbye)  
(Hello, goodbye)

Oh, what a hell of a time  
Hell of a time, I wouldn't change it  
We had a good run  
Had a good run, no one could fake it  
Hello, goodbye  
Who's on your side? (Hello, goodbye)

Give what you can't take  
Another mistake couldn't erase it  
Left me in cold  
Throwin' stones, I'm gettin' jaded  
Hello, goodbye  
Don't waste my time

Couldn't do enough  
Drag me through the mud  
You left me out to rot  
Well, this ain't over, baby, oh  
Hello, goodbye

Oh, this isn't fun  
I think we're runnin' out of patience  
I put out the fire that you ignite  
When runnin' away, yeah  
Hello, goodbye  
I can't decide (Hello, goodbye)

Oh, you watch me bleedin'  
Left me feelin' like a fool  
When the tables turn  
I'm always there to catch you fallin' down  
Before you hit the ground

Couldn't do enough  
Drag me through the mud  
You left me out to rot  
This ain't over baby, oh woah  
Feel like givin' up  
Where did we go wrong?  
Can't see through the dirt  
Well, this ain't over, baby, oh  
Hello, goodbye

Hello, goodbye  
Are we a waste of time, a waste of time?  
Hello, goodbye  
Goodbye (Hello, goodbye)

Hello, goodbye  
Are we a waste of time, just a waste of time?  
Hello, goodbye  
Goodbye

Couldn't do enough

Drag me through the mud  
You left me out to rot  
This ain't over, baby, oh woah  
Feel like givin' up  
Where did we go wrong?  
Can't see through the dirt  
Well, this ain't over, baby, oh  
Hello, goodbye
