

# Never Too Late

Sunsleep

Why don't you jump in the backseat  
I'll take you for a ride  
Leave it in the rearview mirror  
Feel the heat of the sunrise brushing through your hair  
Get a head rush when you took my hand

Are we waiting for the moment  
No it ain't looking for you now  
Were you waiting for a warning  
Oh honey no I never wanna slow you down

You know it's never too late  
To take a chance  
Start over again  
You're only in your way  
A novice chase  
Oh what a waste

Start to feel the commotion  
Looking for a sign  
Any reason just to get away  
Maybe the grass is greener on the other side  
Did we forget just how the colors fade

There ain't no solace that I found here  
Just a taste of another love  
When what you needed isn't so clear  
It's taken all I've got just to let you know

You know it's never too late  
To take a chance  
Start over again  
You're only in your way  
A novice chase  
Oh what a waste

Oh tell me that it's never too late  
Oh won't you tell me it's never too late

No it's not ever  
It's not ever  
It's not ever too late  
No it's not ever  
It's not ever  
It's not ever too late

Oh you know it's never too late  
A novice chase  
Oh what a waste

Oh tell me that it's never too late  
Oh won't you tell me it's never too late

Oh you know it's never too late

Are we waiting for a moment  
No it ain't looking for you now

Were you waiting for a warning  
Won't you tell me it's never  
Never too late
