Darkest Night

Sunstorm

Will you be sorry
If worse comes to worse
Will be hiding behind your lies

If something is worrying
You more than it should

Blood runs cold when you go away
We will push it all aside
Straight to your heart is all I say

I'm here for you and
I'm here to stay
In this cold November
I'll be your light your shining star
To lead you through
Your darkest night
Oh your darkest night

If you lend me your hand
I will be with you
When you'll be
Shedding all your tears

Blood runs cold when you go away
We will push it all aside
Straight to your heart is all I say

I'm here for you I'm here to stay
In this cold November
I'll be your light your shining star
To lead you through
Your darkest night
Oh your darkest night

Not one word you'll have to say
Nothing will take me away
