

## Games We Play

**Sunstorm**

If we pass the test of time  
And we go through this pain  
We'll find again another way to live  
I know it's tough to see the prize  
If we look at the cost  
We'll run away for peace

Tell me which way to go  
To seek our treasure land  
Now I see why we long for more  
Our lust for gold bites our hand  
In this game we play

We can't see the end of  
This endless road  
To find our inner sense  
Will we ever find a way  
To give back?

Tell me which way to go  
To seek our treasure land  
Now I see why we long for more  
Our lust for gold bites our hand

In this game we play
