

I'll Keep Holding On

Sunstorm

There's a place and time
When feelings can arise
Shaken to the ground
We'll see the light

Can we find our way?
Can we find the route
For another day?
Still looking for ourselves
Chasing all the demons trapped
In our dreams
We're here to stand

The test of time, the strength
Of our souls

I'll keep holding on
Holding on to our love
I'll be your guiding light
And save you from the flood
I'll keep holding on

Don't run away
You're always looking back
There's nowhere to hide from love

Chasing all the demons trapped
In our dreams
We're here to stand
The test of time, the strength
Of our souls

I'll keep holding on
Holding on to our love
I'll be your guiding light
And save you from the flood

I'll keep holding on
