

Living out of Fear

Sunstorm

I don't wanna lose you
Don't wanna fall from grace
I know that I need you
That's all I can face

Calling your name in the distance
I see you from afar

Chasing all my nightmares
I'll let you go forevermore
I'm crawling in the shadows
Of living out of fear

I'm trapped in this maze
I just die again each day
Will I ever find the ways
To make you stay

Calling your name in the distance
I see you from afar

Chasing all my nightmares
I'll let you go forevermore
I'm crawling in the shadows
Of living out of fear

Don't leave me now
I'm still right here
Waiting for you
Don't close that door
Don't you see, I'm yours
I'm still yours

Chasing all my nightmares
I'll let you go forevermore
I'm crawling in the shadows
Of living out of fear
