

No Turning Back

Sunstorm

All I see is desperation
I can't turn my head around
All you say is through frustration
Everything is pulling you down

Wake up again on a new day
Change all you see within your mind
Don't let somebody take control
Of who you are and what you do

There is no turning back
Our hearts ready to attack
Gotta fight in unity
There is no time to wait
We already fell to waste
Gotta change our destiny

When you walk gold turns to dust
You don't see the luck you have
They left you thirsty
And with no lust
You might crawl but now you drag

Wake up again on a new day
Change all you see within your mind
Don't let somebody take control
Of who you are and what you do

There is no turning back
Our hearts ready to attack
Gotta fight in unity
There is no time to wait
We already fell to waste
Gotta change our destiny
