

Intro

Sunz of Man

Yo! (What's up?) The Sunz of Man album is out now (word?)
Let's go check their show (come on, come on)
You got your gun? (No doubt) Then cock it
'Cause the Illuminati is watching (all right)
Everybody keep they eyes peeled

We want Sunz

They calling on us
I hear them calling on us
Yo 60, they calling on us
Yo Prodigal, you're ready?
Yo Priest out, let's go, man
Come on, come on
Hold on, hold on!

Yo this album is for everybody going through trials and tribulations
Coming out to brick house, it's the Brooklyn, the Bethlehem
Next up in the Valley of Kings and Queens
That was the inmates to the fire who stepped in the cold-hearted
World of illusions in Black Sleeping Beauties
Who called up Psycho Hotlines for a natural high
Now using the collaboration of the spirit of mind
To become shining stars with flaming swords
Spreading Israeli news 'cause even with the most grands
You're not promised tomorrow but they told you
You was promised the Promise Land
