In High School you was lit, now you just a bag, boy

Had to hop the fuck out the bucket on you crab boys  
You ride in a bucket and be strict with Gas Bwes  
Smoking on that Strickland, that's that Texas gas, boy  
I might beat yo' ass and end up in some tabloids

Get the bag, got the bag, bag secured, Bag Bwe  
I'ma dog for the cash, shorty mess with bad boys  
You throwin' that ass, long and fast, it's throwin' me back, Bag Bwe  
I'ma dog, grip that ass like a fucking ba-

Run up on the plug, I'm The Gingerbread Man

Yeah, I ran into Supa shopping Saks Fifth and we was blowing baggage  
I was leaving, he was coming, and the bag was doing magic!  
I got paper, bag or plastic? I got faces like the yearbook  
Can't remember last time my eyes seen how a tear look  
Oh shit! Mexican connect, wrist with big baguets  
Hopping out the van like, "SPAGHET!"  
Akimbo with the sticks, stick your nose where we at  
I wanna meet your girl, but I don't want her for the sex  
I need that bitch address!  
So I sent some phones to the steps  
Holla at me when they land, I'ma dick her to success  
Do the race to the chase, city bank, call the D.O.A  
They call me by my name, but they call you by a number  
That's the difference 'tween us  
I'm OCD, so you know my bathroom the cleanest  
[?] a penny off a dollar every time they stream us  
Rolling up the gas bag, take that ass to Venus  
Don't ever come between us

Get the bag, got the bag, bag secured, Bag Bwe  
I'ma dog for the cash, shorty mess with bad boys  
She throwin' that ass, slow and fast, it's throwin' me back, Bag Bwe  
I'ma dog, grip that ass like a fucking bad boy

I don't leave the crib, unless it's for a bag, boy  
Can't collab on shit, unless it's for a bag, boy
