

Big World

Supa Bwe

I got more to see
It's a big world don't get mad at me

We got bricks for real
We got Glucks for real
We got whips for real
I just crashed the coupe
Ain't talkin' bandicoot
Ain't talkin' bands with you
You broke like animal
I'ma mask up like Hannibal

You can't talk you feds to me
That means I'm intangible
I was in Paris off ketamine
That means I'm in catacombs
My people out in Nigeria
You talkin' scared, I'm not hearin' ya (Uh, uh)
Let's get this money, I'm up on my luck
Turn the crib to a club, got it up and it's stuck

She welcome me to the Burlington Throat Factory (Supa)
I got more to see
It's a big world, don't get mad at me (Woo)
Y'all pop triple C's, I'm off a Molly with a Mallory (Woo)
White bitches on me, but I like Puerto Rican, Mallory
