Lock me up, no witness, Kanji still wet
Drippin' off the seal
Crack that bitch, tip it
Now my sprite tinted
Pop a pill, depression lifted
Fuck you niggas, I feel different, uh
Lock me up, no witness, Kanji still wet
Drippin' off the seal
Crack that bitch, tip it
Now my sprite tinted
Pop a pill, depression lifted
Fuck you niggas, I feel different, uh

It's too late, fuck off!
I've bled for what I've said
Stand on my words more than my legs
They hit low so, I brought thigh pads
They say, "Bro mad! ", No bitch!
This is supremacy, this here my lemonade
I'll never get over it
This too much Hennessy, remembering better days
I'll never get over it

They used to laugh at me, I laugh at me anyway
I'll never get over it
They used to laugh at me, I laugh at me anyway
I'll never get over it
They used to laugh at me, I laugh at me anyway
I'll never get over it
They used to laugh at me, I laugh at me anyway
I'll never get over it
