Supa Bwe

Come over, come over
Come over will you come over?
Come over, come over
Come over will you come over?
Come over, come over
Come over will you come over?
I put you through, but that over
Girl come over, will you come over?

I be with dogs, aw damn
I be with thots, aw damn
Fuck what you though, aw damn
My bitch a fox, aw damn
You sendin' shot? aw damn
Still tote that Glock, aw damn
I'm the best thing she's got, aw damn
She rollie my cock, aw damn

I was servin' off my mama's steps tryna cop a catch
I was servin' off my mama's steps tryna cop a catch
I was servin' off my mama's steps tryna cop a catch
I was servin' off my mama's steps tryna cop a catch

```
What's her name?
I know her a really long time ago
What's her face?
I know her a really long time ago
```

Come over, come over
Come over will you come over?
I put you through it, but that over
Girl come over, will you come over?

I be with dogs, aw damn
I be with thots, aw damn
Fuck what you though, aw damn
My bitch a fox, aw damn
You sendin' shot? aw damn
Still tote that Glock, aw damn
I'm the best thing she's got, aw damn
She rollie my cock, aw damn

Where your ass was at when I was bleedin' out in traffic
Where your ass was at when I was before ya boy had the magic
Where your ass was at when I was servin' out of napkins
Where your ass was at when I
Where your ass was at when I was

[illegible]

Come over, come over
Come over will you come over?
I put you through it, but that over
Girl come over, will you come over?
