

# Lovebird

Supa Bwe

Someone broke my heart too

I am not a songbird, I won't fly away  
I am not a songbird, I won't fly away  
Baby I'm a lovebird, I'm here to stay  
I wanna be more than lovebirds, I'm here to stay

I think that I love her, I just lie awake  
Put nothing above her, she divine and I pray  
Turn me into a lovebird  
But that don't mean I trust her  
'Cause I was but a lovebird  
The feels shit burn me, though I shine

I am not a songbird, I won't fly away  
I am not a songbird, I won't fly away  
Baby I'm a lovebird, I'm here to stay  
I wanna be more than lovebirds, (That's right) I'm here to stay (I'm  
here to stay)  
Twista

Up in the water or the treetop  
Wherever we are, we can be together forever for eons  
She got me open like a peacock  
Bumpin' some bebop  
Feel like she high  
Step to her like a kiosk  
Come and take a ride with me like a cowgirl  
But in reverse with the murder like redrum  
I cannot be the one but if I were ever with you  
Could spread the love and feed me like bread crumbs  
Come listen to the wordplay  
I love her ways  
You can even do a survey  
Even if she gives me fever, man, she open up all my old ways  
Always come back to the birdcage  
Her beauty could make a dove cry  
I could never tell her, "Sayonara"  
She was thinking I would leave like my love a lie  
But I had to tell her I am not a songbird

I am not a songbird, I won't fly away  
I am not a songbird, I won't fly away (Fly away)  
Baby I'm a lovebird, I'm here to stay  
I wanna be more than lovebirds, I'm here to stay

You've got a broken heart  
Someone broke my heart too  
You've got a broken heart
