I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just po-pimpin  
My plug getting better  
So my drugs getting better  
Cause I get high and she can't slow me down  
Make me wish I never met her  
Cause she could do much better oh

We fight and fuck I kick her out  
We fight and fuck I'm dippin now  
Oh oh oh  
Asking why you always trippin now  
What's there left to trip about  
Oh oh oh  
I'm not tripping  
My drugs getting better oh  
I'm not tripping  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh  
I'm not trippin  
Just getting better oh

Roll up take flight with this one  
Shit, I could die to this one  
Having pride with this one  
Cause I'ma die to this alone

I'm not tripping  
Just getting better  
I'm not tripping  
Just getting better

I might die alone in this coliseum  
I'ma die alone in my mausoleum  
I might die alone in this coliseum  
I'ma die alone in this mausoleum
