

Neck Tat

Supa Bwe

Woah bitch I'm rollin' like a hub cap
And I'm lit as gold you can test that
My style is unique I admit that
If you tough Imma shoot him in his neck tat
Treat the work like a Tech Deck
Brought up out the dirt you ain't expected that
Bitch get on my nerves I resent that
Switch up on me once can't respect that

I-I hit the road never been this far from home
Out here on my own I'm a veteran
Fuck with me wrong now you skeleton
Girl I need that pussy like some medicine
I was bout bread life reflected that
Got up out the dirt you ain't expected that
Bitch get on my nerves I resent that
Switch up on me once can't respect that
He be lyin' in his songs can't respect that
He be lyin' to these hoes I ain't built like that
I'm a real one so I need a real one
I'm a real one it's on me I conceal one

Woah bitch I'm rollin' like a hub cap
And I'm lit as gold you can test that
My style is unique I admit that
If you tough Imma shoot him in his neck tat
Treat the work like a Tech Deck
Brought up out the dirt you ain't expected that
Bitch get on my nerves I resent that
Switch up on me once can't respect that

Talkin' shit on the test that's a paragraph
Talkin' war when it's war boy you scared of that
Shawty act like Barbie look where her parents at
Got all these drugs in my habitat

Gettin' richer with my bros ain't no other path
Can't catch feeling with these hoes can't do photographs

And I'm still uppin' that pole on yo police ass
And I'm still up in that role
And I'm still up in that mode and I'm still up cuz I'm rollin like

Woah bitch I'm rollin' like a hub cap
And I'm lit as gold you can test that
My style is unique I admit that
If you tough Imma shoot him in his neck tat
Treat the work like a Tech Deck
Brought up out the dirt you ain't expected that
Bitch get on my nerves I resent that
Switch up on me once can't respect that
