

## Time For Me

Supa Bwe

I know niggas love wastin' time, do you have time for me?  
Take your time, do you have time for me?  
Get it, babe, get it, babe, get it, babe  
Wanna see you innovate, demonstrate, get it, babe  
I know niggas love wastin' your time, I see  
All the more reason to make time for me  
Get it, babe, get it, babe, get it, babe  
Wanna see you innovate, demonstrate, get it, babe

Look, ayy, demonstrate on me, I'll be your test dummy  
Come throw that thing on me, I'll give you some tips  
Might turn this bedroom into Magic City  
With them ass and titties, you might as well strip, ooh  
Talk to me like it was mine  
The beautiful lies, we fall every time  
Light up and fall out the sky  
I fell right in them thighs and met my demise  
And I can't lie, I fuck with it (I can't lie, I fuck with it)  
You said you found love in it (You said you found love)  
Why don't we sit back and practice some patience?  
We been here before, this no new situation  
Make sure you make it worth all of the waitin', ooh

I know niggas love wastin' time, do you have time for me?  
Take your time, do you have time for me?  
Get it, babe, get it, babe, get it, babe  
Wanna see you innovate, demonstrate, get it, babe  
I know niggas love wastin' your time, I see  
All the more reason to make time for me  
Get it, babe, get it, babe, get it, babe  
Wanna see you innovate, demonstrate, get it, babe
