

Aluminium Illuminati

Super Furry Animals

You are aluminum Illuminati
A mirror to Cincinnati, they were all reserved, ah
They all met determined fate and I was Cain
You were Abel to compare, ah

I say aluminum, you say aluminum
I say aluminum, you say aluminum
I say aluminum, you say aluminum, oh

They were dangerous decisions
Made by rational individuals in the past, ah
And with little corporations
At the feet of big relations took control, ah

I say aluminum, you say aluminum
I say aluminum, you say aluminum
I say aluminum, you say aluminum, oh

I say aluminum, you say aluminum
I say aluminum, you say aluminum
I say aluminum, you say aluminum, oh
