

Cardiff in the Sun

Super Furry Animals

Cardiff in the sun...

We took the Porsche down to Tiger Bay
Drank the pubs dry where bands used to play in their heyday
Cardiff in the sun...
I ran amok in the luxury blocks
Smashing windows against the clock for some therapy
Cardiff in the sun...
There I glimpsed where we used to come
By the cranes and the luxury boats, a pure fantasy
Cardiff in the sun...
From the tower I can see the past
Where we met and where we departed, the underworld
Cardiff in the sun...

Caught the train to the valley again
[?] Cast a sprinkle from pains in the [?]
Cardiff in the sun...
I wandered down to (pirate town)[?]
In the island I nearly drowned, you can count on me
Cardiff in the sun...
