

Moped Eyes

Super Furry Animals

Hot clubs and endless nights
Hot clubs and endless nights
Hot lies and alibis
Dark days seem light years away

I can see through your lies, 'cause you've got moped eyes
I can see through your lies, 'cause you've got moped eyes

Safe house for suffering
Shitbags and shattering sighs
Sore eyes, mosquito bites
Zip up and zigzag away

I can see through your lies, 'cause you've got moped eyes
I can see through your lies, 'cause you've got moped eyes

Hot wheels at traffic lights
Hot deals, transactional rights
From middle age sophisticates
To stone aged reprobates

I can see through your lies, 'cause you've got moped eyes
I can see through your lies, 'cause you've got moped eyes
