

White Socks/Flip Flops

Super Furry Animals

I look like a loser coming from the gutter
Want to be a writer and be a keen reader
Listen to my opera, now I'm a good listener
Got to make my mind up, so go around later

I'm a red rooster, a real cold killer
A real live wire

Switch it off and start again
Switch it off and start again
Switch it off and start again
Switch it off and start a
I put on my white socks, flip flops
Put on white socks, flip flops

Minor complications turn to ultimatums
At first I find it funny but now it's just annoying
I ding-a-ling-a-ling her but that's another story
Sitting on my sofa, I'll go around later

A red, red rooster, a real cold killer
A real live wire

Switch it off and start again
Switch it off and start again
Switch it off and start again
Switch it off and start a
I put on my white socks, flip flops
Put on white socks, flip flops

Switch it off and start again
Switch it off and start again
Switch it off and start again
Switch it off and start

Switch it off and start again
Switch it off and start again
Switch it off and start again
Switch it off and start
I put on my white socks, flip flops
Put on white socks, flip flops

Switch it off and start again
Switch it off and start again
Switch it off and start again
Switch it off and start again
