Breaking up, breaking up

Woo woo baby

I guess we're breaking up
Breaking up, breaking up
Just so we can make it up
Make it up, make it up, make it up

Woo woo baby

Something's different today
We met up as usual
But you look prettier today

Woo baby

I'm happy because the weather's so nice
I want to see your smiling face
Why did your makeup smudge?

(I saw your face reflected on the shop window)
I know it's the face of a break up, I've seen it before
(The spring wind swallows up your voice)
Baby, not now

Don't leave me today
Let's say the tearful goodbyes tomorrow
Don't leave love behind
Let's leave the world without you for tomorrow

I guess we're breaking up
Breaking up, breaking up
Just so we can make it up
Make it up, make it up, make it up

Even your shadow sticks to you beautifully
No matter how much you push me away, I'm your man
It's right before the sunset
It's too early to let go of my hand

I'll pretend I don't know
I'll avoid your eyes, as you bite your lip

I don't like that look

(You didn't put on your ring today)
The hand that captured my heart is now letting go of me
(There's no more meaning in that smile)
Baby, don't leave

Don't leave me today
Let's say the tearful goodbyes tomorrow
Don't leave love behind
Let's leave the world without you for tomorrow

I guess we're breaking up
Breaking up, breaking up
Just so we can make it up
Make it up, make it up, make it up

Time, please stop for today
I'm still not ready yet
I can let her go tomorrow
Sky, please don't close your eyes
I'm still not ready yet
I can't let you go right now

Those words aren't easy
So don't open your mouth and leave sadness for tomorrow
You can push it back a day
So hold my hand and leave the pain for tomorrow

I guess we're breaking up
Breaking up, breaking up
Just so we can make it up
Make it up, make it up, make it up

Woo woo baby
