Ready to break it break it break it
Break it break it break it
Ready to break it break it break it
Break it break it break it

We are back again, back at where we should be now
Just call my name, just being here is enough
Gimme some mo love tonight, let us unite
Dive into the light
This moment will only come once, I'll never let you down
Shall we start? New phase

No more going back, don't grieve about the past, just look ahead
Imagine the future and keep it there, groove groove groove
Groove groove groove
Turn the noise up, boom boom boom
Boom boom boom yeah

Don't let anyone stop you, we keep it tight
How far can you go?
Shout aloud, just keep it moving
Dance all night long
My mind says go go go
Please don't say no no no
On this new stage We go hard, make some noise 'til the sun rises

Here we are (Right here)
Here we are (Right here)
From now on
The future we are painting
Let's go there together, where you at?
Here we are (Right here)
Here we are (Right here)
From now on
We'll definitely get there
Let's go together, where you at?

Break it break it break it
Break it break it break it
Ready to break it break it break it
Break it break it break it

Ready to break it break it break it
Break it break it break it
Ready to break it break it break it
Break it break it break it

Baby let me flow Just like this always
We never know Whatever happened before this
Me and you will be as one It's enough, isn't it?
Dive into the light
In this time we're spending together I'll never let you down
I'm gonna show you New way

Give me your hand, even if you can't reach me
Just keep moving, dance, move move move
Move move move
Sing woo woo woo
Woo woo woo yeah

No one else but you, we keep it trill
I'll take you there
Listen to your heart, keep it running
Stay just like this
My mind says go go go
Please don't say no no no
On this new stage we go hard, make some noise 'til the sun rises

Here we are (Right here)
Here we are (Right here)
From now on
The future we are painting
Let's go there together, where you at?
Here we are (Right here)
Here we are (Right here)
From now on
We'll definitely get there
Let's go together, where you at?

Break it break it break it
Break it break it break it
Ready to break it break it break it
Break it break it break it

Ready to break it break it break it
Break it break it break it
Ready to break it break it break it
Break it break it break it

Clap your hands clap your hands
Louder no matter who you are
Take my hand take my hand
Whatever happens I'll be here

Come and follow me
We'll take you higher, higher

Here we are (Right here)
Here we are (Right here)
From now on
The future we are painting
Let's go there together, where you at?
Here we are (Right here)
Here we are (Right here)
From now on
We'll definitely get there
Let's go together, where you at?
