I still remember
The day you came to me
I guess it hasn't been erased yet
From my mind and my heart, yeah

I said everything is alright
But the truth is, I miss you the most
I want to say it isn't true
But I can't hide it very well

I loved you severely, I loved you
I know I can't turn things back to the way they were
But why is my heart like this
I loved you severely, I loved you
I was able to give you everything
You were able to throw me away
I loved you

I believed that we wouldn't break up
I believed that it was obvious
But that is what's hurting me now instead
It becomes a wailing with nothing but regret left
It just makes you leave
So that I can't get to you again

Everyone tells me to forget
But the truth is, I'm the one trying the hardest
I want to say it isn't so
But I can't erase you

I loved you severely, I loved you
I know I can't turn things back to the way they were
But why is my heart like this
I loved you severely, I loved you
I was able to give you everything
You were able to throw me away

After this night goes on for a bit, will I forget you?
After this night goes on for just a bit longer, will I forget you?

I loved you severely, I loved you
I know I can't turn things back to the way they were
But why is my heart like this
I loved you severely, I loved you
I was able to give you everything
You were able to throw me away
I loved you
