Hey lady, hey lady, staring at your bare face  
Dozing off, yeah, the distance before the dawn  
Hey baby, hey baby, it's just me in this world  
Sweet moment, I feel your lips, yeah

Can't stop babe, ain't nobody  
Waking suddenly, reflected in those eyes, yeah  
Brand new weekend, this happiness I noticed, yeah  
Our starting point, yeah

I'm certain of this premonition  
The wonder of a dazzling light  
As though guiding us, it's a true light just for us both  
It'll never fade, never ever

Beautiful sunrise  
The things I saw were never dull, look at them, honey, honey  
A never-ending sunrise  
Today, and from tomorrow, too, it'll be sunny, sunny, sunny  
Beautiful sunrise  
As long as you're here, sparkling,  
Every day is a pleasure, pleasure  
~~~~~ Wanna be together, I love you

Oh baby, this lovely
Melody wakes me from my dream
And welcomes the morning, get up
The way your hair is spread, flavor
I hear your voice, my Celine
Having cooled down before sunrise
~~~~~ "I like to feel his eyes on me  
~~~~~ When I look away" Oh say it again

Can't stop babe, ain't nobody
Just to make sure, let me hold you, yeah
Brand new day, this overflowing happiness, oh yeah
~~~~~ Our sunny for a year

"Good morning", your voice  
Rains down on me, slowly, tenderly  
As though tempting us, it's a July just for us both  
~~~~~ It'll never fade, oh oh, never ever

~~~~~ Beautiful sunrise  
~~~~~ The things I saw were never dull, look at them, honey, honey  
~~~~~ A never-ending sunrise  
~~~~~ Today, and from tomorrow, too, it'll be sunny, sunny, sunny

Beautiful sunrise
As long as you're here, sparkling,
Every day is a pleasure, pleasure
Wanna be together, I love you

Whenever, whatever you do
You float gently
From the day we met, you've always stayed the same

Beautiful sunrise
The things I saw were never dull, look at them, honey, honey
A never-ending sunrise
Today, and from tomorrow, too, it'll be sunny, sunny, sunny
Beautiful sunrise
As long as you're here, sparkling,
Every day is a pleasure, pleasure
Wanna be together, I love you

Let's get started soon, the sky is beaming
I love you, I love you
