In a dimly lit room, silhouette, don't stop
Seeking for the entrance to you
I know you want it too
Be honest, show me your face more
Entangled fingers guiding us
Alright, there we go

Scattered like crazy, shedding it off (Make me hot)
Let me go your inside

Your everything is paradise
I'm being tied up by your sweet voice
The sounds and breathing are rising
To my heart's content
Putting our lips together
Like this, I make you high
Shining from head to toe
Take it slow, take it slow

Don't you go, don't you go once again
The flavor stuck in your body
Taking time, take you there
Yeah, right there, ahh

Be gentle, I want to taste more
A flame that doesn't disappear after opening the party
Alright (Alright alright)
If you want to continue, say yes
Let's go until the light comes

Your everything is paradise
I'm being tied up by your sweet voice
The sounds and breathing are rising
To my heart's content
Putting our lips together
Like this, I make you high
Shining from head to toe
Take it slow, take it slow

Feel it deeply (Heaven heaven)
A chance only for one night
Words aren't needed

I'm being tied up by your sweet voice
The sounds and breathing are rising
To my heart's content
Putting our lips together
Like this, I make you high
Shining from head to toe
Take it slow, take it slow
