Twenty-four hours, yeah

Blue moon rises tonight, I said ah
Bring it on, with all that "fighting"
I said, ah, give me what you got
Shake it all up, leave no crumbs
Break it all down like there's no tomorrow
I said show me what you got
Show me what you got
Show me what you got
Show me what you got

Nothing new, day and night
Let 'em loose, time to ride
Ah, c'mon, ah, c'mon
Why don't we roar

Just scream and shout
Today's the day, just let it out
Sometimes you gotta do what you want
Any regrets, forget 'em, just do whatever
Now let's play, play
Twenty-four hours, yeah

Shake it, come at me y'all, shake it good
So c'mon, baby uh, bounce those shoulders
Why don't you doo-rum-dum-dum, doo-rum-dum-dum
Shake it, shake it for me like that

Who cares, just groove some more
Wandering minds keep us up all night
Give me what you got

Give me what you got
Give me what you got
Give me what you got
Come with me and send off those worries
This party night will be like no other
I said show me what you got
Show me what you got
Show me what you got
Show me what you got

Nothing new, day and night
Let 'em loose, time to ride
Ah, c'mon, ah, c'mon
Why don't we roar

Just scream and shout
Today's the day, just let it out
Sometimes you gotta do what you want
Any regrets, forget 'em, just do whatever
