2YA2YAO!

If you're ready to have fun, put your hands up  
A huge gap from when at home  
Great showmanship overflowing  
We are, we are young  
Over the split sky  
Keep tossing and turning  
Ready to mix it up yeah, whoa

Hey go to the next chapter, swipe up  
Search for only fun things  
In the calm city Pied Piper  
My nonsense might have got his attention  
Adrenaline is full  
Reason and instincts are competing  
We missed each other heading opposite sides  
No direction direction direction

Don't miss it  
It's now or never to feel this oh  
Fill up the empty space randomly  
Forever and ever  
Let me go outside

(Hit me)

Your yest  
Mess it up, there's no answer  
Catch the hidden meaning on your own

Once I empty my mind  
I feel so light like a feather  
Even strange looks  
Feel good sometimes  
Do do do do do do
