House party (House party yeah)

Ladies and gentlemen
Please watch carefully and do as I do
(We) gonna have a good time
The time of freedom has stopped
Let's applaud for the hard work of the past
How we do it? (Good) Is it over? (No)
Did we overcome it? It's not over yet
The patience is coming close to it's limit
Everyone is about to explode

(Woo) We getting crazy now
(Woo) Don't let go of this
Everyone sympathizes with reality
Things that didn't exist before
Let's get through it together, oh my god!

Everybody now
(Yeah here we go)
Let's put aside our feelings
Of wanting to be together for a while
This is my house party
Yeah according to the newly created rule

Great manners to protect each other
This is my house party

Good job, we're almost there
Keep in step until the last person stands up
House party
Hands up beyond the wall, the world where
Everyone is connected without any physical contact
House party

Stuck at home, what will everyone be doing?
(We) gonna have a good time
The ordinary days that we took for granted
Have become our own bucket list now (Oh my)
All gathering to party (No) Let's go to a concert (No)
Not wearing a mask, hey that's nonsense
Perhaps we're paying a heavy price
For the past days of freedom

We do what we need to do, we're all in this together
The belief that we can overcome it, oh my god!

Stuck at home
It is dangerous outside for the time being
Nevertheless, you act out
Then you get caught

No words are needed
Put your excuses aside
No words can comfort
Freedom is not free, you messed up

The small deviation I enjoyed today
The butterfly effect has gone beyond control

One square meter
Keep that much distance
At an amazingly fast speed, so what?
This is unprecedented
Okay! Nevertheless, we
Find a way to overcome it again
You waved off others trying to live only for yourself
Everybody get away!

Keep it mask with no mess up please
We're no different
Everybody share pain now
Keep it mask with no mess up please
In a completely different world we now live in
We absolutely need two hands to hold together

Everybody now
(Yeah here we go)
Let's put aside our feelings
Of wanting to be together for a while
This is my house party
Yeah according to the newly created rule
Great manners to protect each other
This is my house party

Good job, we're almost there
Keep in step until the last person stands up
House party

Hands up beyond the wall, the world where
Everyone is connected without any physical contact
House party

No matter who started it, boom boom boom
It has a long and wide spreading effect
I wonder who will end it
The answer exists within us too
I see the future in your eyes right now
I don't hesitate anymore now, two hands up in the air

Everybody now
(Yeah here we go)
Let's put aside our feelings
Of wanting to be together for a while
This is my house party
Yeah according to the newly created rule
Great manners to protect each other
This is my house party

Good job, we're almost there
Keep in step until the last person stands up
House party
Hands up beyond the wall, the world where
Everyone is connected without any physical contact
