

Scene Stealer

Super Junior

Yo, What's up? Get ready? Okay
Put 'em up now, baby
Party Over Here, There, Everywhere is a Stage for me
It's show time, A here we go now

Chose your trailer baby, it's the war of the scenes baby
Come on my lady
Me being the most me, you being the most you
Take out your hidden instincts
I can tell who will be the winner of this party
The scenario revolves around me
Kissing the red lips of hot girls
As a short greeting, my lips like sugar

The thick night falls, the moon shines on me
Focus on the VIP entrance, things are getting hotter
The moment the door opens
(Whatchu won't do, Whatchu won't do)
You ready? Let's go

I'm a scene stealer
Stealing the eyes in one moment's timing
Baby, your scene is complete with me baby
What words are needed?
Party Over Here, There
Everywhere is a Stage for me
It's show time
(Whatchu won't do, Whatchu won't do)
A here we go

I know that you diggin' on me
Feeling so out of it next to me
As if you're hypnotized, fall in love
You're getting bewitched, bewitched, bewitched, oh my!
I don't care if it takes a while
Cuz wherever I go, there are P.Y.T for me (Pretty Young Thing)
So where you at, girl? Where you at, girl?
Baby party goin' on, goin' on, Brrrrrrata

At the end of a long wait
I see my own VIP entering
We're getting hotter
The moment we exchange looks
(Whatchu won't do, Whatchu won't do)
Let's go

I'm a scene stealer
Stealing the eyes in one moment's timing
Baby, your scene is complete with me baby
What words are needed?
Party Over Here, There
Everywhere is a Stage for you
Everybody put your hands up
Come on everybody
Let me hear you say

Party Over Here, There

Everywhere is a Stage for me
It's show time
(Whatchu won't do, Whatchu won't do)

Maybe It's love, Maybe It's not
In your ending
I'm carefully falling into you

I'm a scene stealer
Stealing the eyes in one moment's timing
Baby, your scene is complete with me baby
What words are needed?
Party Over Here, There
Everywhere is our Stage
Everybody put your hands up
Come on everybody
Let me hear you say

Party Over Here, There
Everywhere is our Stage
It's show time
(Whatchu won't do, Whatchu won't do)
