

We're losing sleep within each dividend
And I want this relief but we keep sinking in
Love I'm lost but I'm found in your cold heartless gaze
Won't you just leave this house, please don't scream at my face

Love I'm a wreck, holy fuck

If we weren't so alike maybe we'd work it out
But we're stuck in this rut and my mind's headed south
I'm addicted to you, would you please calm your tongue
She used to be rad now I'm no longer sprung

'Cause love I'm a wreck, holy fuck
And love I'm a wreck, holy fuck
'Cause love I'm a wreck, holy fuck
And love I'm a wreck, holy fuck

Maybe one day I might see you around
And I hope that you're glad cause we're better off now
'Cause we loved and we danced and we made quite the scene
Guess it's just my romance, you were always so mean

'Cause love I'm a wreck, holy fuck
And love I'm a wreck, holy fuck
'Cause love I'm a wreck, holy fuck
And love I'm a wreck, holy fuck

And love I'm a wreck, holy fuck
'Cause love I'm a wreck, holy fuck
And love I'm a wreck, holy fuck
'Cause love I'm a wreck, holy fuck
