

I Wanna Be Cool.

Super Whatever

I'd like to be like Frank and Drake and Billie
And maybe make me a million
But I can't be that honest in my lyrical ability
Honestly, I been seeing what Post has been posting lately
If I posted the same thing I bet you'd probably hate me

Yeah...

But it's okay, I'm myself, and that's alright
Go to bed, same old, place every night
You got bread, I get by, normal guy
Yeah, but that's alright

I wanna be cool
But only if you want me to
I wanna make moves
So I can buy some different shoes
Want to impress you
So tell me what you'll listen to
I wanna be cool
I wanna be cool

Hold up, hold up, hold up, that's not really how I feel
I been making money moves, I been doing pretty well
I got music on the way, I got me a pretty girl
And I'd like a world tour 'cause I'd like to see the world

Yeah...

But it's okay, I'm myself, and that's alright
Go to bed, same old place, every night
You got bread, I get by, normal guy
Yeah, but that's alright

I wanna be cool
But only if you want me to
I wanna make moves
So I can buy some different shoes
Want to impress you
So tell me what you'll listen to
I wanna be cool (yeah)
I wanna (uh) be cool
